"It is our responsibility to provide education to Muslims, especially girl children.
"Neglecting this primary responsibility
of women's education has led the Muslim community into numerous difficulties.
It is said, "A mother's lap is a child's first school." However, we have deprived such precious women of receiving education and knowledge.
As a result, women are entangled in various problems. They are unaware of their own significance and lack concern for their religious responsibilities.
In such a scenario, the future generations raised by them also become indifferent to their responsibilities. They drift away from Allah and his Religion, ultimately falling into all forms of moral corruption and destruction.
There is a saying: "When a woman is educated, an entire generation gets educated"
Yes, this is absolutely true.
If a woman receives a proper education and the right guidance, then the entire family will walk on the path of righteousness and integrity By the grace of Allah,
some of our responsible Humanitarians in Vellore
have come forward for this noble cause and
decided to establish a women's college namely "Kulliyatul Hidaayah,"
which will provide modern education along with Islamic
teachings in an excellent manner Insha Allah
